For thousands of years, Korean body scrubs have provided countless health benefits — from skin rejuvenation and relief from chronic pain to reduced stress and weight loss. At Pellequr, we have modernized these age-old traditions to launch the newest and ultimate experience in luxury skincare.

Through innovative techniques in exfoliation and detoxification from our expert technicians, we offer proprietary products that are infused with the transformative, healing powers of CBD oil. And unlike the casual, bustling atmosphere of traditional Korean spas, our guests are pampered in an elegant, peaceful environment that is designed for mindfulness and emotional well-being. At Pellequr, our mission is simple: to deliver a one-of-a-kind experience that will make you feel beautiful inside and out.
